

creamy nougat

by Erec Smith

The Book

Ross McClure, an ambitious and rather cocky graduate student, is given the chance of a lifetime: to conduct an experiment that tests the true liberation of the liberal-minded.

Answering an ad for a fourth roommate to join a homosexual, a paraplegic, and a practitioner of Wicca in an alternative living situation, Ross moves in and decides to be the resident nudist.

His roommates reluctantly accept his lifestyle (lest they be hypocrites), and the experiment continues exactly as planned ... until Ross meets a homeless man named Maurice.

Now the experiment changes.

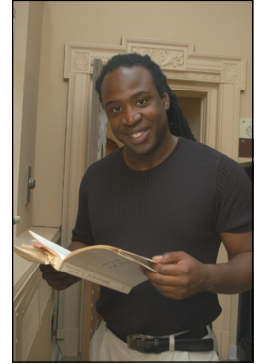

If you were an unkempt homeless man standing next to a young urban professional, who would you think had the most success in life? If you saw a young urban professional walking an unkempt homeless man on a leash, who would you think was in control? Don't be so sure of your answer.

Creamy Nougat is a novel that deals with the human quest for self-identity and peace of mind amidst physical, racial, and socio-economic tensions.

Lighthearted and with shock value very much intact, *Creamy Nougat* is a relatively comic account of issues that are often broached with the utmost seriousness.

The Author

Erec Smith is a professor of English At Drew University in Madison, New Jersey, where He teaches writing, composition, theory and the history of rhetoric.

Erec also runs the University Writing Center and is an administrator for campus diversity. *Creamy Nougat* is his first novel.
